Los Angeles, CA 90012

Dear Supervisors:

**EAST LOS ANGELES PARATRANSIT SERVICE
PROPOSITION A LOCAL RETURN TRANSPORTATION PROGRAM
SUPERVISORIAL DISTRICT 1
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the contract work is exempt from the provisions of the California Environmental Quality Act (CEQA).
2. Find that this service can be more economically performed by an independent contractor than by County employees.
3. Award the contract for "East Los Angeles Paratransit Service" to Southland Transit, Inc., located in Baldwin Park, California. This contract will be for a period of 54 months beginning January 1, 2004, through June 30, 2008.
4. Authorize the contractor to proceed with the work in accordance with the contract's specifications, terms, conditions, and requirements.
5. Authorize Public Works to encumber and disburse Proposition A Local Return Transit funds, available in the First District's Fiscal Year 2003-04 allocation of the Transit Enterprise Fund in an annual amount not to exceed \$812,000 (for a total of \$3,654,000 for the contract's 54 months), plus an additional 15 percent for unanticipated, additional service requirements, if any.

6. Delegate authority to the Director of Public Works to execute the contract, as well as terminate it, if, in the opinion of the Director, termination is warranted.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this action is to award a contract to the most responsive, responsible proposer, Southland Transit, Inc., to operate the East Los Angeles Paratransit Service.

On January 4, 1983, your Board approved allocating Proposition A Local Return Transit funds from Supervisorial District 1 for the operation of the East Los Angeles Paratransit Service. In Fiscal Year 1983-84 and in subsequent fiscal years, your Board approved the continuation of this service. This action continues the service for patrons of the unincorporated County area of East Los Angeles through June 30, 2008.

Implementation of Strategic Plan Goals

This contract meets the County's Strategic Plan Goals of Organizational Effectiveness, Fiscal Responsibility, and Service Excellence. This contract will improve the quality of life in the County through the utilization of this contractor's expertise to effectively provide this transit service in a timely and cost-effective manner. This service improves the mobility of the transit-dependent elderly and persons with disabilities.

FISCAL IMPACT/FINANCING

This contract is for an annual amount not to exceed \$812,000, plus an additional 15 percent for unanticipated, additional service requirements, if any. In addition to transit services at the contractor's hourly rate, this amount includes possible reimbursable expenses for specified vehicle repairs, possible vehicle leasing expenses, and possible contractual incentive payments. This contract will be for a period of 54 months, commencing on January 1, 2004, through June 30, 2008. The additional funds will not be spent without the Director's approval. In any event, this contract may be cancelled or terminated at any time by the Director, without cause, upon the giving of at least 30 days' written notice to the contractor.

The "East Los Angeles Paratransit Service" will be financed from Supervisorial District 1 Proposition A Local Return Transit Funds available in the Transit Enterprise Fund administered by Public Works for Fiscal Year 2003-04. The Los Angeles County Metropolitan Transportation Authority has approved this project as eligible for Proposition A Local Return Transit funding. Funds to finance the contract's future years

will be made available through Public Works' annual budget process. There will be no impact on net County cost.

In accordance with Auditor-Controller guidelines, Public Works has calculated the cost-effectiveness of contracting for this service. Public Works has determined that this service can be more economically performed by an independent contractor than by County employees.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Prior to the Director executing this contract which will substantially be reflected in Enclosure A, the contractor will execute and County Counsel will review it as to form.

This work is being contracted in accordance with procedures authorized under County Charter Section 44.7, Part 3, and Chapter 2.121 (Contracting with Private Business) of the Los Angeles County Code. The mandatory requirements for contracting set forth in County Code Section 2.121.380 have been met.

Public Works has determined that the contractor complies with the requirements of the Living Wage Program (Los Angeles County Code Chapter 2.201) and agrees to pay its full-time employees providing County services a living wage.

Public Works accessed available resources to review and assess the proposed contractor's past performance, history of labor law violations, and any negative experiences with County contracts. No information was found that would qualify our recommendation.

ENVIRONMENTAL DOCUMENTATION

This service is categorically exempt from CEQA pursuant to Public Resources Code § 21080 (b) (10) under transportation related projects.

CONTRACTING PROCESS

On September 18, 2003, Public Works solicited proposals from 157 independent contractors and community business organizations to accomplish this work. Also, notice of proposal availability was placed on the County's bid website (Enclosure B) and an advertisement was placed in the Los Angeles Times.

By October 16, 2003, four proposals were received. The proposals were reviewed by an evaluation committee consisting of Public Works staff to ensure each proposal met the mandatory and minimum requirements outlined in the Request for Proposals (RFP). The committee determined that three proposals did not meet all of these requirements. The remaining proposal met all requirements. Based on this evaluation, Public Works is recommending that this contract be awarded to Southland Transit, Inc., located in Baldwin Park, California, which was found to be the most responsive and responsible proposer to perform the required service.

Enclosure C reflects the proposers' minority participation. The contractor was selected upon final analysis and consideration, without regard to race, creed, gender, or color.

This contract contains Board-approved contract terms and conditions regarding current and new employee notification of the Federal-earned income tax credit, agreement to maximize to the extent possible the use of recycled-content paper products, contractor responsibility and debarment, jury service requirements, no payment for services received after contract expiration or termination, and the Safely Surrendered Baby Law.

Public Works has confirmed that the Child Support Services Department has received the contractor's Principal Owner Information Form in compliance with Los Angeles County Code, Chapter 2.200 (Child Support Compliance Program).

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractor before any work is assigned.

As requested by your Board, the contractor has submitted a safety record which reflects that activities conducted by the contractor in the past have been according to reasonable standards of safety.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that this contractor will not be required to perform services which will exceed the contract's approved amount, scope of work, and/or terms.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of this contract will not result in the displacement of any County employees, as Public Works is presently contracting for this service with the private sector.

Contractor agrees that total revenue Service hours may be increased or decreased by up to 20 percent without renegotiation of basic vehicle service hour unit price over the term of this Contract.

Any modification will be furnished by Director to Contractor at least 30 calendar days prior to any Service revision unless a shorter time period is mutually agreeable to both parties.

SECTION 6. FARES

A. Fare Media and Regulations

A. Maximum Contract Amount

This Contract shall not exceed an annual amount of \$812,000, for a Contract total of \$3,654,000, or such greater sums as the Board may approve.

B. Rates

Unless otherwise provided for herein, the "Vehicle Rate" and the "Supplemental Rate" shall cover all costs of Service provided by Contractor pursuant to this Contract.

1. Regular Service Vehicles

For County-owned vehicles, County shall pay Contractor on a monthly basis an amount equal to the sum of i) the number of vehicle revenue

hours provided with vehicles times _____, hereinafter referred to as "Vehicle Rate"; less ii) fares, less iii) any and all liquidated damages pursuant to Section 15.D. of this Contract. 2. Vehicle Lease Payments

Contractor may be directed by Director to provide and operate substitute vehicle(s) for Service in the event demand for Service exceeds the capacity provided by County-owned vehicles for a prolonged period of time in excess of 24 consecutive hours. Increased demand may result from increase in ridership and/or vehicle shortage. Shortages may occur when vehicles are out of service due to maintenance, repair, replacement or other reasons that are beyond Contractor's control. The substitute vehicles provided by Contractor shall be approved by Director prior to being placed into Service. County will pay the following lease cost of the substitute vehicles only for the number of days the vehicle is in Service each month.

Vehicle Description _____

3. Coordinated Vehicles

In the event that the Contractor will use Contractor-owned vehicles to coordinate rides with other jurisdictions or programs, during the Service hours specified in Exhibit A-1, the revenue hours will be prorated as follows. County's share of the revenue hours for Contractor-owned vehicle will be determined by dividing the number of County riders to the total number of riders on that Contractor-owned vehicle and multiplying it by the revenue hours the Contractor-owned vehicle was transporting County patrons simultaneously with patrons from other jurisdictions. County will not be charged for more than its prorated share of revenue hours.

4. Supplemental Taxi Service

County shall pay Contractor on a monthly basis an amount equal to the number of vehicle Service miles provided with supplemental vehicles times the vehicle service mile rate, hereinafter referred to as "Supplemental Rate." C. Pass-Through Costs (County-owned vehicles only)

County recognizes that there are items not covered under this Contract for which Contractor is not compensated under the aforementioned rate. County shall allow Contractor to pass-through the amounts necessary to cover the following specific items only if County has authorized the work in writing prior to Contractor's initiation of work for the item. Claims for payment of pass-through costs shall include all supporting documentation of costs, approvals, and copies of vendor invoices.

1. Engines/Transmissions/Differential Units

County recognizes that during the term of this Contract, engines, transmissions, and/or differential units for County-supplied vehicles that are no longer under warranty may have to be rebuilt or replaced. If Contractor determines that an engine, transmission, and/or differential unit requires rebuilding or replacement, Contractor shall notify Director immediately after making such determination and subsequently in writing, detailing the reason for such a determination. After inspection by Director, Director may direct Contractor in writing to proceed with the work. County will reimburse Contractor only for the costs associated with the components described above.

Costs associated with the removal and replacement to and from the vehicle of aforementioned components, including associated replacement of attachment devices, gaskets, seals, etc., are the responsibility of Contractor.

2. Air Conditioning

County recognizes that during the term of this Contract, air conditioning compressors in use on County-supplied vehicles equipped with air conditioning systems utilizing refrigerant may be prone to failure. If Contractor determines that an air conditioning compressor and/or compressor clutch unit requires replacement due to operational failure of said compressor, Contractor shall notify Director immediately after making such determination and subsequently in writing, detailing the reasons for such a determination. After inspection by Director, Director may direct Contractor in writing to proceed with the recommended work. Contractor will only be permitted to pass-through to County costs related to actual repair/replacement of the compressor/clutch unit as described above, any air conditioning filter (filter-dryer) that required replacement as a result of the specific compressor failure, and replacement refrigerant as may be required as a result of the specified compressor failure. County will reimburse Contractor only for the costs associated with the components and refrigerant as described above.

Costs associated with the removal and replacement to and from the vehicle of aforementioned components are the responsibility of Contractor.

3. Vehicle Repaint

Should a County-owned vehicle require a complete exterior repaint and/or decaling due to normal wear and tear as determined by Contractor, Contractor shall notify the Director in writing detailing the reasons for such a determination. After inspection by Director, Director may direct Contractor in writing to proceed with the work. Contractor will only be permitted to pass-through to County costs relating to the actual repaint, lettering, and decaling work. All costs associated with vehicle body repair due to an accident, or otherwise, in order to restore the vehicle to County specifications, shall be the responsibility of Contractor. Contractor will be permitted to pass-through painting and decaling costs resulted from the County-owned vehicles changing services such as new color schemes and decals reflecting new service names and phone numbers. Contractor will not be allowed to pass-through costs for painting and decaling work required for repairing blemishes that occurred before Contractor received the vehicles. These must be noted during pre-acceptance inspections so that County can work with the prior service provider to correct them. All work related to the pass-through costs must be approved, in writing, by Director.

4. Rehabilitation of County-owned Vehicles

From time to time, a County-owned vehicle may require complete mechanical overhaul and/or rehabilitation in order to meet County specifications. In such instances, County will inspect vehicle and make determination of work to be accomplished. Contractor shall then obtain the services of a known and qualified facility equipped to perform the task necessary as part of County's assessment. The facility shall employ "certified" mechanics, welding, refrigeration, brakes, personnel, etc., to perform necessary work. County shall reserve the right to inspect and approve the facility where the work shall be performed. County will perform pre-production, on-time, pre-delivery, post-delivery, conditional acceptance, and final acceptance inspections on the vehicle.

After completion of overhaul and/or rehabilitation of vehicle, Contractor shall invoice County for such work along with all necessary and required documentation as determined by County. Contractor shall withhold between five to 10 percent of the amount due the selected facility for the approved work until County's final acceptance of vehicle. Final acceptance will be made after the vehicle has reentered revenue Service for a reasonable time frame or reasonable mileage.

Contractor and County will agree to the percent of withholding fee and time period applicable in each instance. County will withhold the applicable percentage from the amount due to Contractor until the vehicle passes the testing period. Contractor shall invoice County for any remaining balance after County's final acceptance of vehicle. Subject to final acceptance and approval by Director, payment will normally be made within 30 calendar days of approval.

5. County recognizes that during the term of this Contract, there may be needed repairs or modifications to vehicles that are beyond the control of Contractor and have not been identified in subparagraphs 2-4 above. To be eligible for pass through costs for items not mentioned in subparagraphs 2-4, Contractor shall present the required scope of work to Director. Director approval of the scope shall be obtained by Contractor in writing prior to the work commencing.

D. Noncompensation

In the event Contractor is precluded from starting Service described herein for those excusable reasons cited in Section 18, Force Majeure, Contractor shall not receive compensation under this Contract for the period of the excusable delay. If the excusable delay occurs following the start of regularly scheduled Service, Contractor shall be compensated as specified in Section 7.B, above.

E. Financial Audit Settlement

If at any time during the term of this Contract or at any time after the expiration or termination of this Contract, authorized representatives of County or of any other agency funding this Contract, conduct an audit of Contractor regarding the services provided to County per terms of this Contract, and if such audit finds that County's dollar liability for such services is less than payments made by County to Contractor, then Contractor agrees that the difference shall be either: (1) repaid forthwith by Contractor to County by cash payment, or (2) at County's option, credited against any future payments hereunder due to Contractor. If such audit finds that County's dollar liability for services provided hereunder is more than payments made by County to the Contractor, then the difference shall be paid to Contractor by County by cash payments, provided that in no event shall County's maximum obligation for Contract, as set forth in this Contract, be exceeded.

F. Claims for Payment

Contractor shall submit monthly invoices in triplicate (one original and two copies) to County along with documentation thereof and all required reports in the form and number required by County no later than the 15th day of the following month for payment for Service. SECTION 44. LOCAL SMALL BUSINESS ENTERPRISE PROGRAM

This Contract is subject to the provisions of the County's ordinance entitled Local Business Enterprise Preference Program, as codified in Chapter 2.204 of the Los Angeles County Code.

Contractor shall not knowingly and with the intent to defraud, fraudulently obtain, retain, attempt to obtain or retain, or aid another in fraudulently obtaining or retaining or attempting to obtain or retain certification as a Local Small Business Enterprise.

Contractor shall not willfully and knowingly make a false statement with the intent to defraud, whether by affidavit, report, or other representation, to a County official or employee for the purpose of influencing the certification or denial of certification of any entity as a Local Small Business Enterprise.

If Contractor has obtained County certification as a Local Small Business Enterprise by reason of having furnished incorrect supporting information or by reason of having withheld information, and which knew, or should have known, the information furnished was incorrect or the information withheld was relevant to its request for certification, and which by reason of such certification has been awarded this Contract to which it would not otherwise have been entitled, shall:

- A. Pay to the County any difference between the contract amount and what the County's costs would have been if the contract had been properly awarded;
- B. In addition to the amount described in subdivision (1), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract; and
- C. Be subject to the provisions of Chapter 2.202 of the Los Angeles County Code (Determinations of Contractor Non-responsibility and Contractor Debarment).

- D. The above penalties shall also apply if Contractor is no longer eligible for certification as a result of a change of its status and Contractor failed to notify the State and the County's Office of Affirmative Action Compliance of this information.

SECTION 45. CHILD SUPPORT COMPLIANCE PROGRAM

As required by the County's Child Support Compliance Program (County Code Chapter 2.200), Contractor shall maintain compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653) and California Unemployment Insurance Code Section 1088.5, and shall implement lawfully served Wage and Earnings Withholding Orders or District Attorney Notice of Wage Earnings Assignment for Child or Spousal Support, pursuant to Code of Civil Procedures, Section 706.031 and Family Code, Section 5246(b).

SECTION 46. COUNTY'S POLICY ON CHILD SUPPORT LAWS

Contractor acknowledges that County places a high priority on the enforcement of child support laws and the apprehension of child support evaders. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post the County's "L.A.'s Most Wanted: Delinquent Parents List" in a prominent position at Contractor's place of business. County will supply Contractor with the poster to be used.

SECTION 47. TERMINATION FOR NONCOMPLIANCE WITH CHILD SUPPORT REQUIREMENTS

Contractor shall maintain compliance with requirements of County's Child Support Compliance Program as certified in the Contractor's Child Support Compliance Program Certification and as set forth in this Contract. Failure of the Contractor to maintain compliance with these requirements will constitute a default under this Contract. Failure to cure such a default within 90 days of notice by the County shall be grounds upon which the County may give notice of termination and terminate this Contract.

SECTION 48. NOTICE TO EMPLOYEES REGARDING THE FEDERAL EARNED INCOME CREDIT

Contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. Such notice shall be provided in accordance with the requirements set forth in Internal Revenue Service Notice 1015.

SECTION 49. COUNTY POLICY ON SAFELY SURRENDERED BABY LAW

The Contractor acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Contractor understands that it is the County's policy to encourage all County contractors to voluntarily post the

County's "Safely Surrendered Baby Law" poster in a prominent position at the Contractor's place of business. The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. The County's Department of Children and Family Services will supply the Contractor with the poster to be used.

SECTION 50. SAFELY SURRENDERED BABY LAW

The Contractor shall notify and provide its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is set forth in the Attachments to this Contract and is also available on the Internet at www.babysafela.org for printing purposes.

SECTION 51. PROHIBITION AGAINST USE OF CHILD LABOR

The Contractor shall:

- A. Not knowingly sell or supply to County any products, goods, supply, or other personal property manufactured in violation of child labor standards set by the International Labor Organization through its 1973 Convention Concerning Minimum Age for Employment;
- B. Upon request by County, provide the country/countries of origin of any products, goods, supplies, or other personal property Contractor sells or supplies to County; and,
- C. Upon request by County, provide to County the manufacturer's certification of compliance with all international child labor conventions.

Should County discover that any products, goods, supplies, or other personal property sold or supplied by Contractor to County are produced in violation of any international child labor conventions, Contractor shall immediately provide an alternative, compliant source of supply.

Failure by Contractor to comply with provisions of this clause will be grounds for immediate cancellation of this Contract.

SECTION 52. NO PAYMENT FOR SERVICES FOLLOWING EXPIRATION OR TERMINATION OF CONTRACT

The Contractor shall have no claim against the County for payment of any money or reimbursement of any kind whatsoever for any service provided by the Contractor after the expiration or other termination of this Contract. Should the Contractor receive any such payment it shall immediately notify the County and shall immediately repay all such funds to the County. Payment by the County for services rendered after expiration or other termination of this Contract shall not constitute a waiver of the County's right to

recover such payment from the Contractor. This provision shall survive the expiration or other termination of this Contract.

SECTION 53. CONTRACTOR'S RESPONSIBILITY TO MONITOR EXPENDITURE AMOUNT

Contractor shall not expend or accept work requests that will cause the Maximum Contract Sum of this Contract to be exceeded. Contractor shall monitor the balance of this Contract's Maximum Contract Sum. When the total of the Contractor's paid invoices, invoices pending payment, invoices yet to be submitted, and ordered services reaches 75 percent of the Maximum Contract Sum, the Contractor shall, in writing, immediately notify the Director.

SECTION 54. CHANGES AND AMENDMENTS OF TERMS

The County reserves the right to change any portion of the work required under this Contract, or amend such terms and conditions that may become necessary. Any such revisions shall be accomplished in the following manner:

- A. For any change that does not materially affect the scope of work, period of performance, payments, or any material term or condition included in this Contract, a Change Notice shall be prepared and signed by the Director and Contractor.
- B. For any revision that materially affects the scope of work, period of performance, payments, or any material term or condition included in this Contract, a negotiated modification to this Contract shall be executed by the Board and the Contractor.
- C. To the extent that extensions of time for Contractor performance do not impact either scope or cost of this Contract, Public Works may, at its sole discretion, grant the Contractor extensions of time provided, however, that the aggregate of all such extensions during the life of this Contract shall not exceed 120 days.

SECTION 55. PERMITS/LICENSES

The Contractor shall be fully responsible for possessing or obtaining any required permits/licenses from the appropriate Federal, state, or local authorities for work to be accomplished under this Contract.

SECTION 56. COMPLIANCE WITH LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program (Program) as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Exhibit B and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "Employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Program (Section 2.201.090 of the County Code), Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth immediately below, for the Employees' services provided to the County under this Contract:
 - a. Not less than \$9.46 per hour if, in addition to the per-hour wage, Contractor contributes less than \$1.14 per hour towards the provision of bona fide health care benefits for its Employees and any dependents; or
 - b. Not less than \$8.32 per hour if, in addition to the per-hour wage, Contractor contributes at least \$1.14 per hour towards the provision of bona fide health care benefits for its Employees and any dependents. Contractor will be deemed to have contributed \$1.14 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services Community Health Plan. If, at any time during this Contract, Contractor contributes less than \$1.14 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its employees the higher hourly living wage rate.
2. For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under this Contract. If Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which are provided to the County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.
3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.
4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement, and

Contractor shall immediately notify County if Contractor at any time either comes within the Program's definition of "Employer" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Program's definition of "Employer" and/or that Contractor continues to qualify for an exception to the Program. Unless Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

C. Contractor's Submittal of Certified Monitoring Reports

Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list all of Contractor's Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its Employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of the premiums paid as well as the portion paid by each Employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if the Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including but not limited to any violation or claim pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operation in California.

E. County Auditing of Contractor Records

1. Upon a minimum of 24 hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports.
2. Contractor is required to maintain all such records in California until the expiration of four years from the date of final payment under this Contract. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's Employees are working. Contractor shall also distribute County-provided notices to each of its Employees at least once per year. Contractor shall translate into Spanish and any other language spoken by a significant number of Employees the posters and handouts.

G. Enforcement and Remedies

1. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.
2. Remedies For Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date it is due or if the report submitted does not contain all of the required information, or is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:
 - a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the

nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including but not limited to being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of \$100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.

- c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

- 3. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any Employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

- a. Withholding Payment: If Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its Employees for a given pay period and the amount actually paid to the Employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
- b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of \$50 per Employee per day for each and every instance of an underpayment to an Employee. The County may

deduct any assessed liquidated damages from any payments otherwise due to Contractor.

- c. Termination: Contractor's failure to pay any of its Employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

- 4. Debarment: In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-employee staffing plan. If Contractor changes its full-time-employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Program to the County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

J. Contractor Standards

During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any

expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.
